

Mrs. Boyd's Class Tells How To Be A Good Kid

At a time when public opinion of education is at a low ebb, the Elba Education Association presents education in a different light. Education is children and what they are doing. Teachers are constantly trying to challenge students to express themselves in both written or oral language. Recently Mrs. Harriette Boyd's second grade students aptly expressed themselves in a writing exercise after she had motivated them to give their views on the qualities of a good kid.

10 Tips On How To Be A Good Kid

1. Love your parents.
2. Don't drink beer.
3. Say the blessing.
4. Go to Sunday school.
5. Say yes sir.
6. Say yes mam.
7. Do your jobs.
8. Don't say bad words.
9. Don't drink wine.
10. Don't talk when the teacher talk.

Keith Grantham

1. Love your parents.
2. Go to bed at nine o'clock.
3. Don't bring mud into the house.
4. Be good to everybody.
5. Wash behind your ears.
6. Eat your vegetables.
7. Brush your teeth.
8. Eat a good breakfast.
9. Don't fuss.
10. Don't argue.

Tunicker Daniels

1. I will do what my mom and dad wants me to do.
2. I will help set the table.
3. I will be nice to my sister.
4. I will be nice to my mom and dad.
5. My sister will be bad if she do my mom will.
6. I love you all Hudson family.
7. Will all of you not laugh at my class.
8. My class is nice to me my teacher will be nice.
9. Will all of you better not laugh.
10. I love my hold family.

Good By,
From Nettie Kay Hudson

1. Love your mom and dad.
2. Follow directions the first time give.
3. Raise your hand when you want to be call on.
4. Keep your hands and feet to your self.
5. Return materials to their proper place when finished.
6. No running in the classroom.
7. Do not play like you sick all the time.
8. Be happy all the time.
9. Do not be unhappy all the time.
10. Love boys and girls.

Carolyn Hill

1. Don't bring mud in the house.
2. Don't throw pencil.
3. Don't play rough.
4. Listen to parents.
5. Share toys.
6. Be kind to others.
7. Don't eat to much sweet.
8. Make good grade in school.
9. Keep your room clean.
10. Get up your home work.

Melissa Bryan

1. Say yes mam, yes sir.
2. Say your prayers every night.
3. Don't walk win the teacher talk.
4. Do your chores.
5. Love your parents.
6. Follow the rules.
7. If your mother asks you to make your ded do it.
8. Be nice to your teacher.
9. Don't cas.
10. Don't drink.

Dana Stinson

1. Don't trespass.
2. Brush your teeth.
3. Follow directions.
4. Be a good second grader.
5. Be a good little brother.
6. Mow the grass.
7. Open the Clipper for daddy.
8. Be nice.
9. Be neat.
10. Love everybody.

Eric Cox

1. Do not smoke.
2. Don't drink.
3. Don't throw pencils.
4. Mind your manners.
5. Don't holler at dad.
6. Don't hurt people.
7. Help people.
8. Don't play with fire.
9. Don't run in the hall.
10. Use your table manners.

Elba Nursing Home Annual Baazar To Be Held

The 10th annual bazaar of Elba Nursing Home is near and everyone is asked to think of this event when preparing their Christmas list. This will be held on Saturday, November 19, 1983, from the hours of 9 a.m. till 2 p.m.

Throughout the year, residents have been working on items that will be on sale that day. These include articles for the home, for

children, for personal enjoyment-the "perfect" Christmas gift for any individual.

Proceeds from this annual sale go toward the activity program throughout the year. Each resident is given a Christmas present, and articles purchased for use in other activity social service programs. Also, this money is used to buy more craft supplies that create

beautiful and useful items as well as keeping the hands and minds of the residents busy.

Halloween was made special for residents this year by the thoughtfulness and actions of the public.

On Thursday morning, October 27, 1983, Mrs. Nina Allen brought homemade Lemon-Cheese Cake and punch for a party in honor of this day celebration.

Residents very much appreciated her sharing of her "cooking" talent.

On Monday, October 31, 1983 a ladies' Sunday School Class from Elba United Methodist Church presented a Halloween Party for nursing home residents. This included refreshments and several games of Bingo.

NUMBER 21

MRS. ANN SASSER of Rt. 2 Brantley was the winner of the \$100 bill recently given away by the Elba Jaycees. The story takes on extra interest when it was discovered that someone bought the ticket in her name without her knowledge and while she was in Atlanta with her young son who suffered a severe dog bite several months ago that ripped off three fourths of his scalp. He came home just days before his mother was called and told of her winnings. The youth has had three operations including muscle and blood vessel grafts and skin grafts. Further surgery is expected later. Making the presentation is Elba Jaycee David White.

Finances Dominate Meeting Of Water & Electric Board

The Elba Water and Electric Board met Tuesday evening with all members present except Charles Kennett, who was reportedly out of town. Business was routine and only one person appeared before the board.

Byron Stinson of Windham Power Lifts reported a problem with some burned-out equipment due to a malfunction of a city transformer. He was told the utility would work with him to clear up his problem and get the

equipment operation. Stinson also discussed the possible overload on the electric lines as his firm has expanded work force and added much additional machinery. The board agreed to monitor the usage on a recording monitor for a seven-day period to back up readings already taken by other equipment. Board members expressed to Stinson a desire to work with him as his firm continued to grow and employ local people. Stinson said he is presently working eighty employees.

Bill Brunson Added To Legal Staff At NSIC

Mr. J.R. Brunson, president of National Security Insurance Company, recently announced the addition of Mr. W.L. Brunson Jr. to its legal staff. Mr. Brunson Jr. is the son of the founder and first president of the insurance firm whose corporate headquarters are located in Elba.

A native of Elba, Brunson is a graduate of the University of Alabama in Tuscaloosa with a B.S. degree in Business Administration. In June of this year he graduated from the University of Alabama School of Law with a J.D. degree and was recently admitted to the Bar in the state of Alabama. He is licensed to practice before the State's Supreme Court.

While in College Brunson was a member of Pi Kappa Phi social fraternity, and during law school was a member of Phi Delta Theta legal fraternity and the Trial Advocacy Association.

Bill and his wife Rhonda currently make their home in Elba.

Holley Nominated As Alabama's Outstanding Legislator For 83

As elected by their peers, five senators and ten representatives emerged as top nominees for Alabama's "Outstanding Legislator" in 1983, according to Doug Amos, president of the Alabama League of Savings Associations, and included among the nominees is Representative Jimmy Holley of Elba.

The "Outstanding Legislator" in both the Senate and the House of Representatives will be announced and honored at an awards banquet in Montgomery, December 6, Amos said. He explained that the nominee receiving the most votes will be declared the "outstanding legislator" in each chamber.

Sponsored by the Alabama League of Savings Associations, the program is designed "to recognize and honor in a special way the outstanding members of the Alabama Senate and House of Representatives and to call public attention to the positive and constructive aspects of their public service," the trade association executive said.

He pointed out that the top nominees and the "outstanding legislator" in each chamber were elected by their colleagues in a secret ballot following the 1983 general session. He said that 30 members of the Senate and 49 members of the House received votes for the honor.

Senators elected as top nominees included Ryan deGrassier, Jr., Tuscaloosa; Larry Dixon, Montgomery; Larry Keener, Gadsden; Hinton Mitchell, Albertville; and John Teague, Childersburg.

Representatives included: Charles Adams, Phenix City; John Casey, Heflin; Tom Coburn, Tusculum; Loyd Coleman, Arab; Tom Drake, Cullman; Jimmy Holley, Elba; Roy Johnson, Tuscaloosa; Rick Manley, Demopolis; James Sasser, Ozark; and Jack Venable, Tallapoosa.

According to Amos, participating in the awards banquet in addition to the top nominees will be state government officials and savings and loan leaders.

Board members approved the payment of bills totaling \$3,626.20 and commended Superintendent Cleo Hawkins for the operational efficiency that kept the bills so low. The utility billed over \$200,000 last month, and after payment of the bills showed a profit sufficient to pay the mortgage payments and add to the reserve fund. Information presented to board members showed 42 accounts late with a total of \$2,426.62. These will also be charged a late fee for payment. Two meters have been pulled and two bad checks were received for a total of \$141.25. If these are not paid they will be presented to District Court for collection.

The board approved a paperwork transaction making a grant of money that had been transferred to the City of Elba General Fund in either cash or utilities used.

Pool Hall Owner Arrested Recently

Clifford Blue, owner of Blue's Pool Room in Elba, was arrested last week and charged with violation of the prohibition law and three counts of bribing a public servant.

The arrest, which occurred at 4 p.m. on Thursday, November 3, came following an investigation by the Elba Police Department and Coffee County Sheriff's Department.

The pool room is located on the Taylor Mill Road.

P&S Board To Meet Nov. 17

The Coffee County Board of Pensions and Security will meet on Thursday, November 17, at 8:15 a.m. at the County Office located on 321 Putnam St., in Elba.

School Board Appears To Be In Sound Financial Shape

The Coffee County Board of Education met in regular session on Monday morning, November 7, at the New Brockton Area Vocational Center and held a relatively short, but productive meeting.

Present at the monthly meeting were Supt. John W. Vaughan and Board of Education members Bill Boland, Frank Britt, Harrell Carroll and Tom Dyess. Absent was Preston Kelley Jr.

After the routine adoption of the minutes and paying of the bills, Supt. Vaughan discussed the Kinston Elementary School project. He reported all plumbing work had been completed and the foundation would be poured this week. The work is running ahead of

schedule and is expected to be completed prior to the July, 1984, deadline.

A look at the budget revealed an estimated revenue of \$4.9 million, the largest amount ever received; however, it was stated there would be no excess of funds. Out of the total revenue, \$4.5 million is earmarked by the state for salaries, etc., leaving the local board only \$400,000 with which to appropriate. These funds will reportedly be used to cover various maintenance projects and unseen expenditures. According to figures released at the meeting, the board projects a balance of only \$300,000 out of the multimillion dollar budget.

The projected balance is a cautious

estimate," said Supt. Vaughan, "but I am dubious of proration and feel it's better to be conservative."

The financial statement for the past fiscal year was also discussed with a balance of \$532,000 being an item of utmost interest. The large balance reflected on the statement is misleading, according to Vaughan, who explained that most of the funds were obligated for capital outlay at the Kinston Elementary School project. A true balance would be closer to \$83,000," Vaughan added, "and that money will be used to pay for painting and repairs at the gym in the county system and miscellaneous maintenance. I'll be very happy if we can do all our maintenance and improvements and have \$300,000 left. We are in the business of educating, not making money."

A total of \$150,000 in "per pupil" funds was also received, but it was earmarked for use in the removal of asbestos. The county system, after extensive investigation, was found to have asbestos in the cafeteria in New Brockton and at two classrooms in Kinston. The asbestos is scheduled to be removed during the Christmas holidays at a cost of \$25,000.

The remaining \$125,000 in the "per pupil" fund will be used to pay for five school buses, to be delivered next week. The buses will be 60-passenger vehicles and will be placed at the most highly populated routes.

The controversial "No Tobacco" policy was again discussed, with the principals of all three county high schools taking part. The principals - Dr. Willard Crabtree of Zion Chapel; Mr. Lavon Cain of Kinston, and Mr. Stanley Walker of New Brockton, all visited the Carroll High School in Ozark, to examine the results of a no-smoking policy at the school. The policy was adopted in Ozark to prevent the gathering of students and non-students at a special smoking area, and it was reported the policy had resulted in no serious problems.

"We are planning to enact a no-tobacco policy because it has been medically proven that smoking is hazardous to your health," said Supt. Vaughan. "Even if parents do allow it at home, at school we won't allow a student to do something that is damaging to his health. We know some students will still slip around and smoke, but if caught, they will be disciplined. Our teachers will not be police and will not patrol school grounds; however, they will not ignore what they see."

Disciplinary action now being discussed includes a warning to students with tobacco in their possession, to expulsion for repeated violations. The new policy is scheduled to go into effect at the start of the second semester.

"We don't anticipate any problems with the new policy," said Vaughan, "but it will be strictly enforced."

It was reported that two of the county bands had recently won honors. The Zion Chapel High School Band was named "Best in Class" at contests at both Opp and Lanett, and received the highest score given to any band at a contest in Daleville.

The New Brockton band competed in a contest in Enterprise, its first contest ever, and received outstanding ratings.

In other action at Monday's meeting, the board:

***issued a warning to a student with excessive absenteeism;

***was informed the county system continues to rank near the top in results of academic testing;

***received a letter from the faculty at New Brockton thanking it for new computers at the school;

***received a letter of thanks from Covington County Superintendent of Education Murray King for the county's help in repairing a Red Level school bus that broke down in the county; and

***granted leaves of absence to two teachers and one bus driver.

Don't Forget!!

Elba vs. Eufaula

Kickoff 7:30 p.m.

Elba - Eufaula Playoff Game To Go On As Scheduled

The Alabama state football playoffs will begin tomorrow night (Friday), however, it will take a ruling by the Alabama Supreme Court to decide who will oppose the Elba and Eufaula teams in Class 4A and the Alexandria Cubs in Class 3A.

In the 4A controversy, the Alabama High School Athletic Association originally stated Central of Phenix City would meet Enterprise in the opening round of the playoffs, but after a protest by Prattville, a decision was made to send Prattville to the playoffs and keep Central at home. Central then got a restraining order to reverse the AHSAA ruling, prompting Prattville to get an opposite order. The State Supreme Court will hear both sides today (November 10) at 10 a.m. and instruct the AHSAA which team to allow in the playoffs.

The 3A court case, Alexandria got a court order in an attempt to have Emma Sansom kicked out of the playoffs. According to AHSAA officials, the state declared an Emma Sansom player ineligible; however, the player's parents got a restraining order enabling the boy to play. Alexandria contends that the state ruled the player ineligible. Emma Sansom should be forced to forfeit its games and thus not participate in the playoffs.

The games involving Enterprise and Alexandria will be played, but the date will depend on how the Supreme Court rules. All other games will go on as scheduled.

BRAINSTORMS

With Ferrin Cox

Sports was originally games played for fun. Then high school graduates began to get college scholarships and a free college education, because colleges found donations came in better if the sports teams won. Then the pros began paying enough for the better players that they strived to be that good, and the pressure got greater. Then the pressure moved down into the high schools and fanatic parents began advocating excellence in sports at the expense of all else, including academics. This evolved into pressure and "playoffs" for championships and more pressure. Now we have allowed ourselves to become so frantic on our sports that Alabama is embroiled in a multitude of lawsuits over someone's "right" to participate in those playoff games. If we don't defuse this matter soon, we will, in the near future, see a lawsuit over the outcome of the game that decides the championship... an official call, the weather, the color of the cheerleaders' socks, etc.

We congratulate the Elba Tigers on winning the right to play in the Class 3A state playoffs and argue no demands that "our Tigers" go forth - one game or four - but go forth with class. Come back to Elba with full knowledge that you played the game the best you could and left a favorable impression on those you encountered that you are a group of young men who have respect for your peers and enjoy the spirit of clean competition. Let them know you are there to win, but that a win or loss will not decide your destiny. Go forth with full knowledge that if you live up to these standards, we will love you and respect you - win, lose or draw.

We had a few words with a couple of ex-Marines after the landing of American troops in Grenada. After the initial landing and the belated arrival of some upset members of the news media, we saw film of the Marines being off-loaded to replace some Army Rangers who had originally taken the area. Our comments to the Marine supporters was to the effect that they did alright AFTER the Army had moved in and secured the area from hostile forces! We never did convince one of these guys we were telling the truth, but as ex-Army we enjoyed trying.

Again swiping from the "tube" we saw a late night news special that should give all of us some insight into the intensity of the fighting in the Middle East. A group of female soldiers showed how tough they were during a demonstration for visiting dignitaries by biting the heads of live wiggling snakes. After so killing the snakes, they were dressed and cooked for all present to eat. When people can be trained so intensely that they will do this type thing, it is little wonder that some can be convinced that suicide bombing missions are for the glory of something or other.

We watched presidential candidate Jesse Jackson make his announcement as the first Black candidate for the Democratic nomination, and assure our readers he will be a force to be reckoned with in spite of the disclaimers issued by many Black leaders. Jackson gets before a Black audience and uses that "country preacher" method they are so accustomed to hearing every Sunday in church, and it fires up a crowd. This will in turn fire up some Black leaders who honestly feel their cause could best be served with some other candidate, but not at the expense of their own support. We look for Jackson to either be a vice-presidential candidate or the man who decides just who will be this candidate.

As our hair gets grayer and grayer we are noted for spending more time reading about new medical advances. Recently we read about a man in Nuremberg, Germany, who has "invented" a clothes pin clamp that cures the common cold. The theory is that the clamp will remain on the nose for a day or so and this clamps off some drainage passages and dries out the mucous membranes and just cures the cold. We haven't bought one yet, but if we get as sick with such as we did several years ago when we actually asked a doctor for a shot - we might try anything!

The seemingly absurd maintenance income requested by the wife of entertainer Johnny Carson brought out to a lot of people just how much money Carson makes a year. With him making \$1 1/2 million a month, \$220,000 ain't a lot for his wife to get. A local successful businessman stated loudly recently that no human should make that much money. It was also added that the American people could stop that business... simply turning the on-off switch on the TV to the "off" position would work miracles!

Tuesday's election didn't excite Alabamians and especially folks in Coffee County. We saw very few people at the polls and even fewer who planned to go. In Elba at eleven a.m. we were the 16th person to vote in our box. The only other Beat 6 box also had 16 signatures for a total of 32 at that time. We told those very unbusy poll workers that they were going to be paid on commission for that day's work. Not one agreed with that statement!

We don't know what the long-term result will be for the Alabama Democratic party after Tuesday's election, but in several cases their hand-picked candidates lost the election, either to Republicans or worse, to the person passed over for the nomination who ran as an Independent. It will take some mighty good lobbying on the part of AEA's Paul Hubbard, Labor's Barney Weeks and the Trial Lawyers Association to get the vote of these upset winners.

The movie will be a three part mini series on CBS beginning on 13 November. Bob's part will be shown on the last feature.

Record Attendance At South Alabama Electric Cooperative Meeting

Jimmy Shaver

Robert Barbaree

The annual meeting of the South Alabama Electric Cooperative was held at the Pike County fairgrounds October 25, with a record number of 531 members registering, and over 1000 people in attendance.

The Senior Sounds of Pike County kicked off the meeting with a variety of singing, dancing and just plain fun, and the Old Times Quartet of Andalusia provided gospel music throughout the afternoon.

Max Davis, manager, informed the gathering of the Energy Resource Conservation Loan Program that is now available for cooperative members and outlined the program. According to Davis, the loans are for weatherization of homes and will be made at a five percent interest rate. Members interested in this program should contact the cooperative. Davis also discussed the maintenance of the electric system during the past year.

Robert Barbaree and James R. Shaver were re-elected to serve on the Board of Trustees from their districts. Sam Whitehead, 4-H and FFA public speaking winner, presented a brief talk about farming. Jerry Andrews of Alabama Electric Cooperative also addressed the group.

During the afternoon 38 attendance prizes were awarded. Mr. and Mrs. Frank Raines won the early registration prize of \$100. Mrs. John S. Lunsford received the microwave oven and L.C. Burks was awarded the color TV, and stand. Norman Mills was awarded a prize for being the oldest person present.

Survivors include one son: Harvey Harlan Blair, Kingston; three sisters: Bricie Roberts, Enterprise; Claudie Holley, Kingston and Jewell Free, Samson; two brothers: Earnest Davis, Samson and Albert Davis, Dothan; four grandchildren; six great grandchildren.

Funeral services were held November 6, at 2 p.m. at Friendship Baptist Church, with Rev. Bobby Hataway officiating. Burial was in Friendship Cemetery, with Rainer's Funeral Home of Opp directing.

Zion Chapel Baptist Church Ladies Quilt For Home Economics Class

CAPTION: Pictured with the "Rebel Quilt" are Tammy Duncan, Camille Marler and Donna Griswold.

By: Kelly Sheffield

For the past few weeks Mrs. Holton's Home Economics students have been working on putting together a "Rebel Quilt." The quilt is grey and white with a Rebel man in the center. From the center outward are alternating grey and white squares with either a football, coaches cap, or a cheerleader megaphone on it. In each football there are the names of each football player. In the caps are the names of each coach. In the megaphone are the names of the varsity cheerleaders. When the quilt was completed at school it was sent to the ladies at Zion Chapel Baptist Church for completion. The ladies met at the church at around 9:30 a.m., on October 26, 1983, and worked to complete it by 3:00 p.m. the same day. Each lady did approximately four squares. The ladies that worked on the quilt are Irene Wilks, Annie Lou Rugg, Daisy Lou Smith, Lena Walker, Versie Lee Smith, Mable Dyess, Mary Marler, Rebecca Jackson, Agnes Chancellor, Grace Stevens, and Madge Johnson. The FHA and students who worked on the quilt would like to thank each of the ladies for doing such a fine job. The money that is raised on selling chances on this quilt will be used to purchase a new sewing machine for the Home Economics Department.

Agribusiness Has New Machines

By: Danny Parker

The Zion Chapel Agribusiness Department has recently added to their shop equipment with the purchase of three new welding machines to learn welding skills. These machines were purchased by the Coffee County School Board of Education. Along with the three Lincoln 225 welding machines, there was other welding equipment including shields, gloves and a supply of welding rods.

Beauty

Pageant

Cancelled

By: Ann Sawyer

Due to unavoidable circumstances, the Z.C. Annual Beauty Pageant, scheduled for November 1, 1983, was cancelled. There has not been a definite date set to hold the pageant. Everyone will be informed of the date and time when a decision has been reached.

Band Named Best In Class At Lanett

"You may enter the field in competition" was the familiar sound heard by all who attended the Eighth Annual Alabama Governor's Marching Festival in Lanett, Alabama on October 29, 1983.

The band met at the school at 9:00 a.m. for a brief run-through of the show. The buses were loaded and ready to pull out by 10:00 a.m. The Z.C. Band Boosters chartered Alabama Stagecoach buses for the band to travel to Lanett.

The first stop made by the band was in Montgomery at the Western Sizzlin'. The Band Boosters furnished the band with \$5 each to buy their own meal at the steak house. After every band member was "stuffed to the gills" the buses then loaded up again and headed to Lanett.

When the band arrived at the football stadium, the members changed into their uniforms. The contest guides then led the band to the warm-up area. After staying in the warm-up area about forty-five minutes the time finally came to do the show. The opening number for the drill was "Southern Medley." The show tune was "All My Loving" followed by the percussion solo, "The Battle of Jericho" and topped off with "Through the Years" for the closer.

After the show was complete and the band was off the field all that was left

Harvest King and Queen Bran Grantham and Samella Green.

Zion Chapel Sponsors Halloween Carnival

By: Janet Stewart

Zion Chapel celebrated Halloween with a carnival Tuesday night, October 25th, sponsored by the P.T.O. There was a lot of fun and games for everyone. Chle plates, hamburgers, and hot dogs were sold in the lunch room for those ghosts and goblins who were hungry.

Activities included a disco in the old Ag classroom for those who wanted to dance. There was also a hayride and a cake walk for the "country folks." Games for "children" of all ages included Bingo, a toy walk, a dart throw, and a beanbag toss. Halloween balloons were on sale also. The Elba Karate Club presented a karate demonstration in the Home Ec. Department. Zion Chapel students participating were Billy Kelley, Wade Bowdin and Robyn Ross.

After the activities in the high school building, the crowd moved down to the gym for the presentation of this year's harvest king and queen. The emcee for the program was Mrs. Vivian Kelley. The winner of the 225-pound hog given away by Samella Green was Robert Davis of Roston.

After the prizes were

Holley Answers Questions For ZC Students

Does the state of Alabama need a new constitution? This topic was chosen by Jimbo Bryan for the subject of his speech "to convince" given in the Speech and Drama Class taught by Mrs. Mary Herbert.

State Representative Jimmy Holley was contacted by Jimbo and was asked several questions that compared the old constitution with the new one. One of the differences between the old and the new is the size. The new constitution is about 70 percent smaller in length than the old one which is the largest in the Union. The old constitution, adopted in 1901, still contains many laws that have been declared unconstitutional by higher courts. When Representative Holley was asked what he considered to be the best feature of the new constitution he said, "I believe the size because it makes it more convenient to use."

Montevallo Chi O's

Commended By Legislature

The University of Montevallo's Chapter of Chi Omega recently received a resolution commending its fund raising efforts for the American Cancer Society from the Alabama Legislature.

Over the past three years, Chi Omega members have raised approximately \$5,000 in Bike-A-Thons across Shelby County.

Senators Lister Hill and Proctor presented the resolution to the floor where

Notice From The Alabama Highway Department

The State of Alabama Highway Department would like to inform motorists that W.S. Newell, Inc., Contractor, began work November 4, 1983, and will replace the bridge and approach at Lighthouse Creek on Alabama 141 in Crenshaw County.

In order to perform this work it is necessary to close that section of Alabama 141 to all through traffic. The contractor and the State of Alabama will install traffic

control devices to make the public aware of the closure. Motorists are urged to use extreme caution and reduce speed when traveling in this area.

Any public inquiry concerning this work should be directed to P. Y. C. Jirnght, Jr., Contractor's Superintendent, telephone number 834-5590, V.O. Hamlet, District Engineer, telephone number 222-5555, Ralph Richburg, Project Engineer, telephone number 566-4830, Extension 59.

EHS Seniors Of The Week

TINA KELLEY

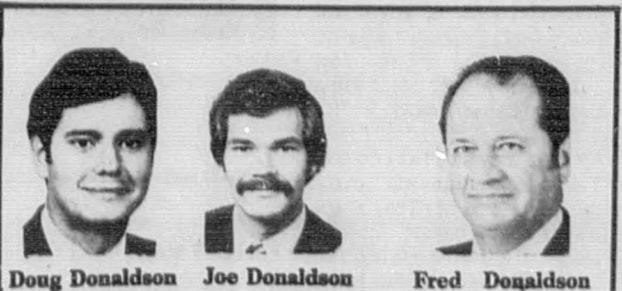

Tina is the 17 year old daughter of Mr. and Mrs. Junior J. Kelley and has always attended Elba City Schools. Tina is a member of the FHA and FHA clubs and says that her favorite class is ICT and her favorite teacher is Mr. Lawford. Tina enjoys talking to friends, sewing, cooking and listening to music during her spare time. Tina says that as an improvement to Elba High she would like to see the lunch schedule changed. Tina's most enjoyable time at Elba High was the prom and the most enjoyable was becoming a senior. Tina is employed by Elba General Hospital and plans to attend a nursing school after graduation.

TINA THIGPEN

Tina is the 17 year old daughter of Mr. and Mrs. Helen Thigpen and attended Opp City School before transferring to Elba. Tina is a member of the FHA club and says that her favorite class is computer science and her favorite teacher is Mrs. McCollough. Tina enjoys walking, riding and being with friends. Tina also agrees that there should be a change in the lunch schedule. The most

The State Department of Education now requires all students to complete a semester of Health. Each student receives 1/2 credit for the class. The class is taught by Mrs. Linda Berry. Mrs. Berry is shown above teaching one of her Health classes along with Mayor English and Principal Lamar Foley. Mayor English has just presented a Rescued Anne to Mrs. Berry's class on behalf of the city. The Rescued Anne will be used for the instruction of CPR.

It passed unanimously in both houses. Last week the resolution was presented to Crystal Moseley, Chi Omega president, Candy Berry, civic chairman, and civic co-chairman, Sandra Robinson. All the members and officers of the Chapter were named in the resolution but special recognition was given to Candy Berry and Sandra Robinson for their organizational efforts.

Two, is a company as far as I'm concerned. And if you've got at least one employee besides yourself, you may be eligible for low-cost group insurance.

It's called Employee Protection Insurance (EPI). And it includes life insurance and a wide range of medical care benefits-even dental and vision care.

Ask me. I'll give you all the details, and tell you if your group qualifies. Call today.

Library Council Looking Good

The EHS Library Council met during activity period on Thursday, October 27, 1983. President Gina Young called the meeting to order and asked secretary Lucinda Byrd to call roll and read the minutes of the previous meeting.

Treasurer Holly Wilson reported that all bills including \$100.00 toward the homecoming parade, had been paid and the club was in the black for the first time this school year.

The group was commended for its recent first place entry in the school club or organization category in the homecoming parade.

Committee assignments were made and the Christmas social discussed before sponsors, Mrs. Calhoun and Mrs. McCollough led the group in several puzzle-solving activities pertaining to the library.

The meeting was adjourned.

Mu Alpha Theta Initiates Members

The Elba High School Chapter of Mu Alpha Theta held its 1983 initiation ceremony for new members during activity period Thursday, October 20, in the lunchroom. Nineteen new active members and thirty-eight new associate members were initiated.

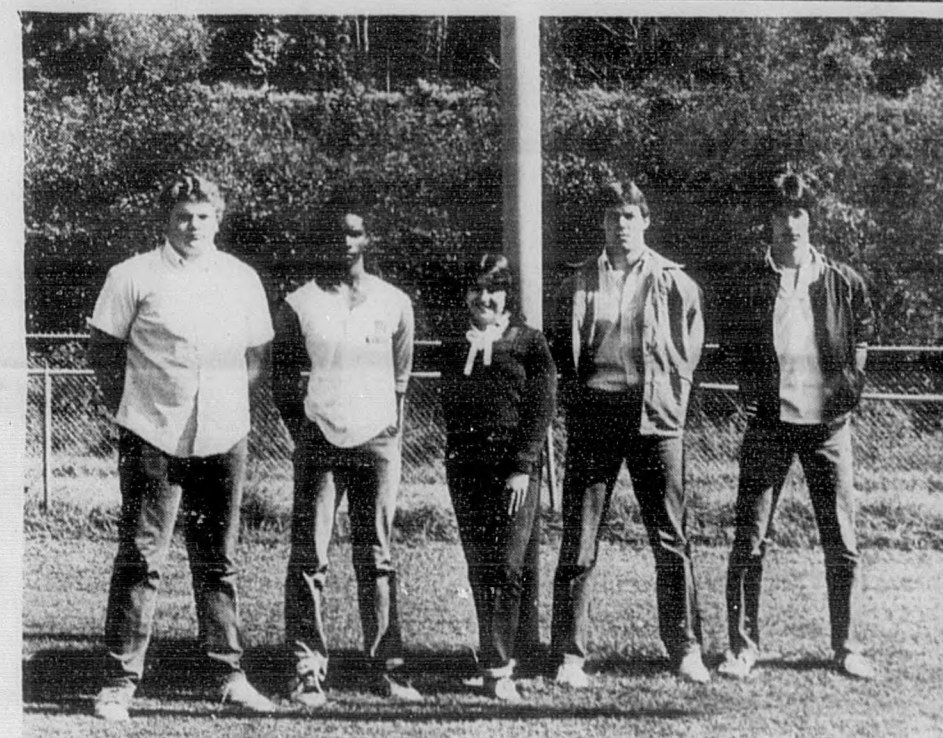

Aleah Hudson, president, and Susan King, Wendy Bowers, Gina Donaldson, and Keith Murdoch senior members conducted the initiation ceremony. They explained the history, growth, powers, and the future of mathematics.

Each of the following new active members lit a candle as a pledge to support the ideals of Mu Alpha Theta

and to further its development. Cathynette Carpenter, Brian Cain, Sheri Deppre, Claude Dorsey, Tim Dyess, Amy Ellis Brian English, Louise Fillmon, Ceina Hayes, John Hudson, Regina Hudson, Gary Kelley, Michael Maddox, Lisa Moore, Wayne Nolen, Stacy Santa Rosa, Jeannie Sims, Jeff Smith, and Darren Stevens. After the candle lighting, Mrs. Sue Addison, sponsor, presented each new member with a certificate and card.

The following new associate members were presented membership certificates at the ceremony. Dawn Smith, Sherry Waldon, Chuck Whitley, Jety Wise, and Derek Young.

All members enjoyed refreshments during the recess period.

Tiger Football Feature

BRIAN DAWSON, sophomore, is the son of Brenda Nelson. He is a member of the "E" Club and plays defensive back for the Tigers.

JENNIFER HUDSON, the daughter of Mr. and Mrs. Jimmy Hudson, is a junior and is in her first year as a

varsity cheerleader. Jennifer is a member of the "E" Club. He is a junior and plays nose guard for the Tigers. Keith is also a member of the "E" Club.

GARY KELLEY, junior, is the son of Mr. and Mrs. Bill Kelley. He plays defensive tackle and is a member of the "E" Club.

EDDIE CRAWFORD is a junior and plays tackle for the Tigers. He is the son of Mr. and Mrs. Bill Crawford and is a member of the "E" Club.

Correction....

Correction.....

In the Article of the senior show, we omitted Phillip Kelley, who has been in the band for five years. The Tiger Staff regrets the error.

Please accept this as a correction of one of our errors. Stanley Jones, a member of our football feature on October 6 was not identified completely. Stanley is a sophomore, playing defensive end with our Tigers. He is the son of Rudolph and Porchia Jones.

Stanley is a member of the E Club, Beta Club and Mu Alpha Theta.

We are expecting great things from Stanley during his high school career.

The Coffee County Training Center In Enterprise Plans Bazaar And Barbecue

The fall of the year is always a time when we enjoy Indian Summer days, visiting Bazaars, Fall Festivals and doing early Christmas shopping.

The clients of Coffee County Training Center in Enterprise are busy these days preparing for their Christmas Bazaar and BBO planned for November 12.

There are numerous decorative and practical items being made by the clients at the Center including lovely wreaths, made from nuts and pine cones, tablecloth and napkin sets,

pillows, dolls, placemats, and napkins sets plus a large number of wooden toys to cheer young hearts.

All these new items and other flea market items will be on sale but it that is not enough to entice the public to come visit the Coffee County Training Center for Retarded Adults there will also be delicious Pork Barbecue plates for sale, with a dining area so shoppers may enjoy fellowship with neighbors as they eat and browse through the bazaar.

The Rev. Charles McGlothren, pastor of Coffee

Spings United Methodist Church has volunteered to prepare the food for the barbecue, which includes barbeque, hash, stew, and rice. McGlothren is well known in the area as a good cook for large crowds.

The Auxiliary of the Coffee County Training Center are sponsoring the event but the 22 clients at the center are the ones doing most of the work for the bazaar.

The Center rings with activity from nine a.m. until two p.m. as they work on the different projects. Those

capable of using the drill press and sander are making toys while those who enjoy sewing are busy making table cloths, napkins, dolls and other items.

Some are making wreaths, both nine inch and twelve inch, sprayed in seasonal colors while others are busy cutting scraps to use to stuff pillows and dolls.

The clients have already finished a queen size quilt which will be given away on the day of the bazaar. Raffle tickets are still on sale for this quilt.

Barbecue tickets are also on sale by any of the staff or clients or can be picked up at the center between 8 a.m. and 4 p.m. daily. The raffle tickets are fifty cents while the barbecue tickets sell for \$3.00 each.

The bazaar, flea market and barbecue will begin at 10:30 on Saturday November 12.

If anyone would like to donate items either for the bazaar or flea market, especially Christmas items, please call the Center at 393-1732.

Barbecue tickets are also on sale by any of the staff or clients or can be picked up at the center between 8 a.m. and 4 p.m. daily. The raffle tickets are fifty cents while the barbecue tickets sell for \$3.00 each.

Mulberry's Corner

With Winzell Gray

897-5015

***Happy Birthday, Carlos Ware, Minnie L. Russell and Little Rocky Jessie.

***Hoping Munchie Hardwick will get better soon.

***Senior choir at Elba Zion Tuesday night before the third Sunday in November, 5:30 p.m.

***The Ladies Missionary group will meet Saturday at 2:30, and ask that all members be present. Sister Annie P. Bullard is president.

***Mr. and Mrs. Charles Henderson of Elba wish to announce the engagement and approaching marriage of their daughter Linda G. Henderson to Edward Jonathan Tillis, son of Mr. and Mrs. Edward Tillis of Elba. The bride-elect is the granddaughter of Mrs. Ola Mae Stallings of Elba. The groom is the grandson of Mrs. Emma Tillis and the late Willard Tillis of Elba. No invitations are being sent, all friends are invited. The wedding will be an event of November 19, at two o'clock in the afternoon at Bethlehem Baptist Church at Danley's Cross Roads.

***Congratulations Bruce A. Bush, son of James R. and Myrna L. Bush of Elba, who has been promoted to the rank of First Lt. in the U.S. Air Force. He is a 1981 graduate of Troy State University.

***God Bless America - and the world!

Meeting For Night

Classes Planned

At MacArthur

An organizational meeting for night classes will be offered at MacArthur State Technical College has been scheduled for Tuesday night, November 22, at 7 o'clock in the Student Center.

Courses planned to be offered are Business Education and Word Processing, Data Processing and Computerized Drafting. In addition to these courses, Industrial Electricity, Diesel and Heavy Equipment and Welding are offered.

All interested persons are urged to attend the organizational meeting Tuesday night, November 22. For more information call 493-3573.

***Miss Madie Lacey and Reginald Jones were united in marriage November 1. May God bless you with hope enough to keep morning in your love and fear enough to keep you holding hand in the dark; unity enough to keep your roots entwined, and separation enough to keep you reaching for each other; harmony enough to keep romance in your song, and discord enough to keep you tuning your love. Congratulations and may your life together be a happy one!

***Louise Houston, Denise Hardwick and Betty Mathas from Dallas Texas, visited in Elba recently.

***The Lord is merciful and gracious, slow to anger and plenteous in mercy - was the theme of the recent 28th anniversary of Mr. Olive Baptist Usher Board.

***Congratulations to Tuskegee, Alabama State, Alabama A & M, Troy State, Auburn, Alabama, Livingston, UAB, Birmingham Southern, and all the junior colleges for years and years of leadership. Please support these colleges.

***Junior Choir anniversary Elba Zion Baptist Church, Rev. John Grayer, pastor, November 20, 2:30 p.m. Theme: "O Come, Let Us Sing Unto the Lord." Psalm 95. Welcome and occasion - YS Thigpen.

***Program of the 101st annual session of the Mulberry Missionary Baptist District Association, incorporated to be held at the Mulberry Educational Building, Rt. 2, Elba, November 10, 11, 12, 1983. Amore 14 - Thomasville 13. Faith, Hope and Charity." 1 Corinthians 13:13.

***The 1983-84 high school basketball season has arrived in Coffee County. Both New Hope and Goodman have already played, while Elba Jr. opens next week. Our sports staff shrinks drastically during basketball season, but we'll cover Elba, Kinston, New Brocton, Zion Chapel, New Hope and Goodman. It's going to be hectic, but it oughta be wild!

PLAYOFF PICKINS

It's always hard to predict the playoffs, but I'm a glutton for punishment, so I'll give it a try. Here goes...

ELBA VS. EUPAULA

Elba had a rude awakening last week, but the loss could make 'em realize what it takes to win. They say this is Elba's best team ever, so on paper it looks bad for the Bulldogs. It'll be closer than you think!

BRANTLEY VS. COFFEE SPRINGS

This one should be a real battle till the final horn! The home field advantage will mean something, but not enough to spell a Bear win!

Brantley 28 - Coffee Springs 20

OTHER PICKS:

Sweet Water 21 - Repton 12

Views From

THE PRESSBOX

By, Ricky Mularz Editor

The high school football season is now in the playoffs and there are two teams from Coffee County still alive. No doubt about it, down here in the country we know how to play ball.

TIGERS FALL IN SEASON FINALE

The Elba Tigers closed out the regular season on a disappointing note last week by losing to Geneva, and while the letdown was very predictable, it still surprised me! The Tigers had done what it took to win all season, and although they didn't always look good, they always pulled together and won the game. Something was missing Friday night, however, and it was obvious throughout the game, as Elba never stepped forward and took charge. Some said they were "flat," some said they lacked "pride," and others just shook their heads.

I don't know what it was, but it wasn't a winning effort, and I know this bunch doesn't want to go out not playing like winners. The difference in this year's team and those in the past is "character," and I look for it to show Friday night in Eufaula.

WHAT HAPPENED TO THE FANS?

I don't know who had less spirit, the team or the fans! I bragged on Elba's fans last week, about their loud cheering and support, but then Friday night the turnout was poor, especially in the reserved seat section. I know the weather kept a lot of families away, and I don't blame them for not taking the kids out, but that wasn't true in every case. I just knew the fans would get fired up (like in Ashford) and pick up the team, but it never happened.

I know it's a long way to Eufaula, and our team is a big underdog, but our fans should make the trip and show the players we support 'em. C'mon folks!

COUNTY TEAMS WRAP UP 83 SEASON

The football season came to an end Friday night for the county schools, with one win and one loss.

Zion Chapel [3-8] ended the season with a bang as it romped past Wicksburg 42-23. The Rebels had a lackluster season, as eight losses indicate, but the big win will be all they remember when the time comes to pull the pads back on. The Rebs may rise again real soon!

Kinston [1-10] closed out with a 30-6 loss to Area champ Coffee Springs, but moved the ball pretty well and didn't play that badly. The record speaks for itself, however, the Bulldogs had a young team and it takes a while to get a program started. You've got to crawl before you can walk, and walk before you can run, so now that they've crawled, look for 'em to take a few steps in the night direction next season!

Talk about a tough schedule, look at Kinston's schedule - it includes six teams with winning records in Red Level (8-2), Arton (11-0), Brantley (10-1), Long (7-3), New Brocton (7-3) and Coffee Springs (9-2). Just to survive was a feat!

ACTION UP UNTIL THE END

The high school football season came to an end Friday night and there was plenty of action, as always. Here's a quick look back:

***Arton scored three touchdowns in the fourth quarter to dump Long 20-0 and win the Area. Could this be the year of the Cat?

***Highland Home finished at 10-1 by blasting Goshen 44-8. Maybe one year they'll let the winner and runner-up in Area 3 both go to state.

***Luvorne tuned up for the playoffs with a 46-14 romp over Daleville. The 2A Tigers averaged 30 points a game in their last four games, so they could be peaking!

***Andalusia scored late to edge O.P. 20-17. The win gave the Bulldogs a 6-4 record, while O.P. finished at an unbelievable 1-9!

***Troy edged Brundidge 10-6 to finish the season with a fine 7-3 slate. Brundidge, a pre-season pick to battle for the playoffs, finished a disappointing 5-5.

***T.R. Miller dumped W.S. Neal 26-6 to give Coach Mike Sasser's crew a final record of 9-1. It looks like the former Brantley coach is alive and well.

***Jeff Davis finished the season undefeated by defeating Meridian 29-22. The Vols have to be the team to beat in 4A!

***Enterprise rolled past Dothan 27-7 to head into the playoffs with a 9-1 slate. The Cats' season could be a long way from being over.

FOLLOW THE BOUNCING BALL

It's hard to believe, but basketball season has arrived in Coffee County. Both New Hope and Goodman have already played, while Elba Jr. opens next week. Our sports staff shrinks drastically during basketball season, but we'll cover Elba, Kinston, New Brocton, Zion Chapel, New Hope and Goodman. It's going to be hectic, but it oughta be wild!

Tigers Fizzle In Finale

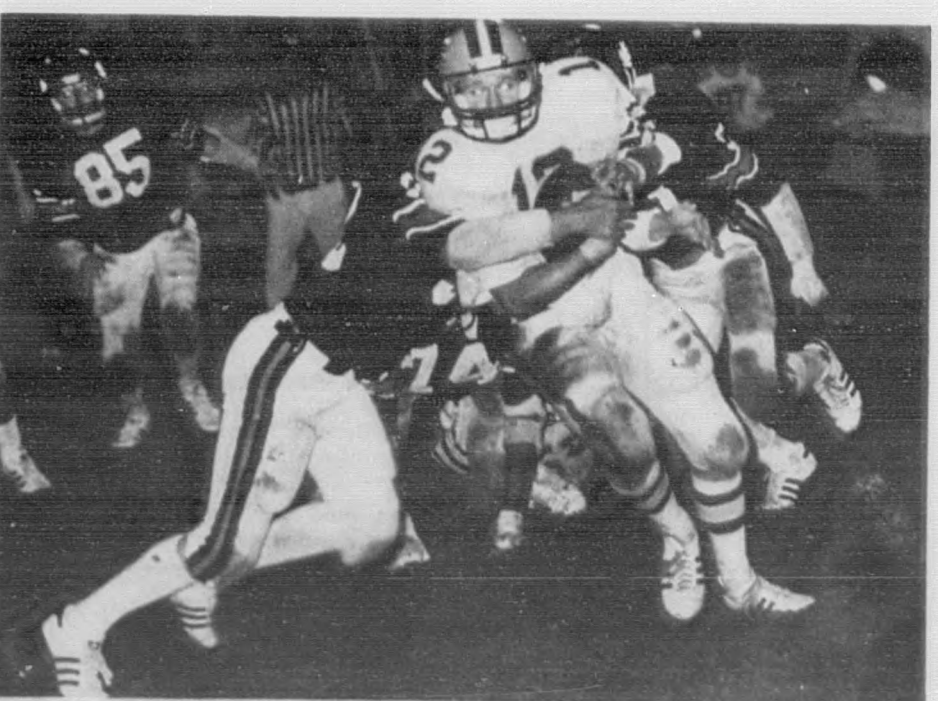

Tiger running back Michael Scott (25) finds his path blocked by a Panther defender, but cuts outside enroute to a good gain.

GOT IT!... Well, almost! Elba's Brian English (85) goes after a Geneva fumble, only to have the ball squirt away.

Elba quarterback Rhett McCollough (21) cuts upfield for a short gain in the Tigers' 13-3 season closing loss to Geneva.

GOTCHA! Elba defensive end Dowe Clark (52) wraps up the Geneva quarterback at the line of scrimmage for no gain.

The Elba Tigers gave up two touchdowns on big plays, and never caught up as they lost to the Geneva Panthers 13-3 last Friday in Elba.

The loss dropped Elba's record to 8-2, while the win gave Geneva a final record of 9-2.

Neither team could muster a first down on its initial possession, with Elba beginning its second series on the 20-yard line. The Tigers moved out to the 27 in two plays, only to be penalized five yards and then hit with a nine-yard loss on a busted play. John Hudson came in to punt; however, a host of Panthers broke through the line and blocked the kick. Lee Rider recovered the blocked kick in the endzone for a Geneva touchdown, and when Jeff Linder added the p.a.t., the Panthers led 7-0 with 6:02 left in the opening stanza.

The Tiger offense came to life late in the opening stanza and drove 64 yards to the Geneva three-yard line, only to settle for a field goal. The drive was highlighted by the play of Michael Scott, who rushed for 21 yards and pulled in a 14-yard pass. The Tigers had the ball first and goal at the three, but a fumbled handoff lost eight yards and a screen pass lost nine yards, backing the ball up to the 20-yard line. Dwayne Hooks came in on fourth down and hit on a 37-yard field goal, pulling Elba within 7-3 with 6:23 left in the half.

Elba got the ball right back on a punt and this time drove 57 yards to the Panther eight-yard line. Michael Scott picked up 45 yards during the march, but the drive again fizzled, and this time a 25-yard field goal by Hooks fell short.

The half ended without further action and at halftime Elba went in trailing 7-3.

Elba began a drive at its own one-yard line early in the third quarter and moved out to the 36 behind the running of Rhett McCollough and Mark Henderson; however, a fumbled snap on third and three stopped the drive and forced another Elba punt.

Geneva continued to have trouble moving the Elba defense in the third quarter, but the Panthers got the ball early in the final stanza and scored to open up a 13-3 bulge! The score came on a 58-yard run by Gene Jones, a run in which the speedster swept right, then cut back across the field and raced in for the score. A bad snap fouled the p.a.t. attempt, but with 9:42 left in the game Geneva had opened up a 13-3 advantage.

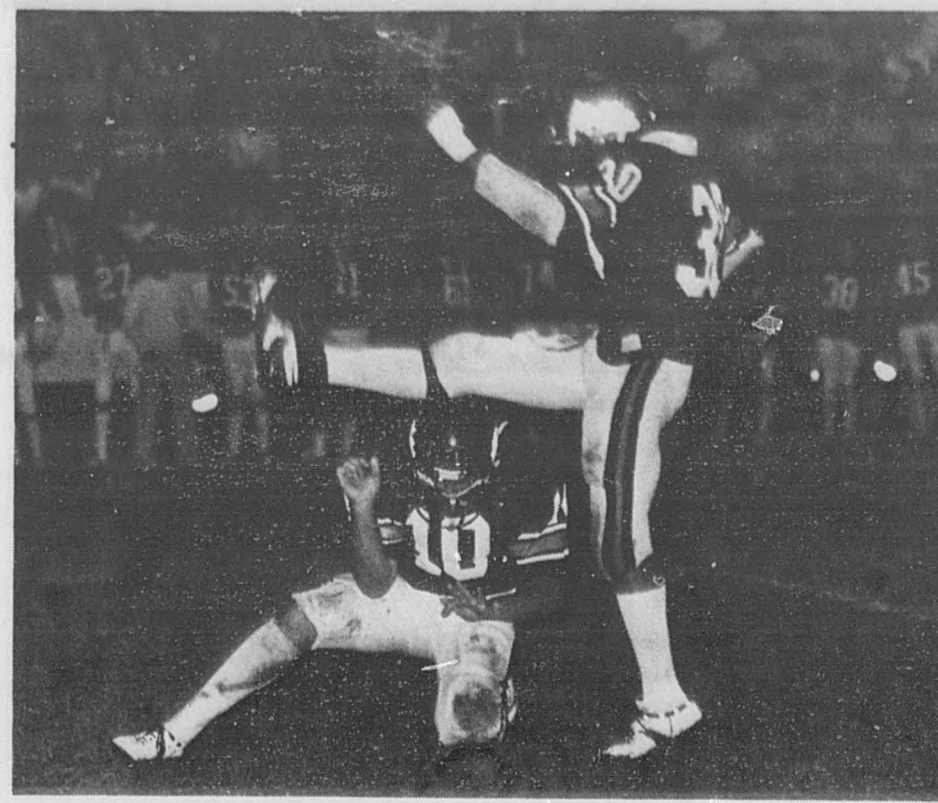

Elba lost a fumble on its next possession, had a pass intercepted on its next and then had another pass intercepted deep in Geneva territory on its final possession of the game, as Geneva held on to win 13-3.

Michael Scott gained 131 yards in 26 carries and eight touchdowns for 33 yards to lead Elba, while Mark Henderson added 57 yards on nine carries. Terry Ware had nine tackles and one assist to pace the defense, while Dwayne Hooks (87 and 3A), Rhett McCollough (6T and 1A) and Danny Folmar (4T and 3A) played well.

Gene Jones rushed for 126 yards in 18 carries to pace Geneva, while Lee Rider, Larry Ashley and Jones anchored the defense.

THREE POINTS! Senior Dwayne Hooks (30) boomed this 37-yard field goal through the uprights for Elba's only points of the ball game.

Elba defensive back Rhett McCollough (21) comes up to stop Geneva runner Gene Jones (7) after a short gain.

Kinston No Match For Coffee Springs, Dogs Fall 30-6

BY: GREG BRUNSON

The Kinston Bulldogs and Coffee Springs Golden Bears met this past Friday night in Kinston to end their

regular seasons. The Golden Bears claimed an easy 30-6 victory and now are preparing for their first round playoff game against the

Brantley Bulldogs. The Golden Bears drove the ball 65 yards on their first possession to claim an early lead. The drive took 10 plays and ended on a 30-yard run by Greg Hutcherson. Tim Rodgers' kick sailed wide to leave the score 6-0 with 3:55 remaining in the first quarter.

With 1:32 to go in the first quarter, Ronnie Green carried eight yards into the endzone to cap a 23-yard two-play drive. Anthony Shirah ran for the two-point conversion to stretch Coffee Springs' lead to 14-0.

The ensuing kickoff resulted in Kinston's only points of the night. Paul Folmar took the kick and raced 93 yards up the left sideline into the endzone. This cut the score 14-6 with 1:17 still to play in the first quarter.

The next points for Coffee Springs came on a 26-yard field goal by Tim Rodgers with 9:17 to go in the first half. The Bears had driven the ball from their own 39-yard line in eight plays before being halted at the nine-yard line.

The Bulldogs held the ball for only two plays on their next possession before Joe Lawhorn intercepted a Kinston pass and returned it 12 yards to the Bulldogs' 33-yard line. This drive took only five plays and ended on a 19-yard pass play from Rodgers to Tony Key. Jim Rodgers again added the kick to make the score 24-7 with 5:08 left in the second quarter.

There was no more scoring in the first half but the two teams did exchange fumbles. Jason Davis recovered for the Bulldogs and James Jenkins made the recovery for Coffee Springs.

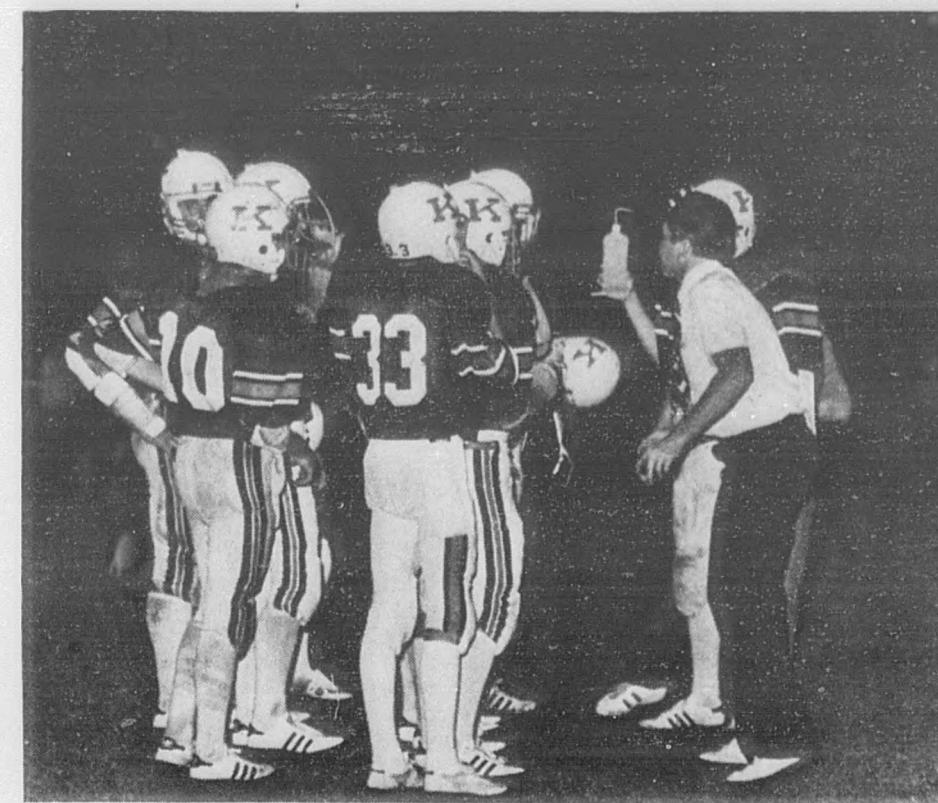

Kinston attempted an on-sides kick to open the second half but the ball went out of bounds at the Kinston 38-yard line. Ronnie Green cracked in from three yards out on the seventh play of this possession to end the scoring for the night. Rodgers' kick was again no good leaving the score 30-6 with 9:23 remaining in the third quarter.

The Bulldogs drove the ball deep into Coffee Springs territory twice more but fumbles halted any chance of scoring. James Jenkins recovered both of these fumbles to give him three for the night. Ronald Thorn made a recovery for Kinston to halt a Golden Bears drive midway through the fourth quarter.

3/26	Punts/Ave.

Greg Hutcherson led the Golden Bears in rushing with 97 yards on 13 carries while Ronnie Green added 86 yards on 10 tries. Leroy Barron paced the Bulldogs with 53 yards on nine tries. Alvin Henderson gained 35 yards on only 14 carries and Ronald Thorn had 21 yards on eight tries.

A Coffee Springs runner finds nowhere to go as a gang of Bulldog defenders stops him for no gain.

Kinston's Paul Folmar (10) follows the escort of Glen Barnes (11) as he returns a kickoff. Folmar scored the Bulldogs' only touchdown on a 93-yard kickoff return.

Brantley Tunes Up For Playoffs With 31-0 Win Over Lowndes

The Brantley Bulldogs exploded for 31 first half points and then "called off the Dogs" as they coasted to an easy 31-0 victory over the Lowndes County Red Devils.

The win capped Brantley's record to 10-1, while Lowndes County finished with a 4-7 chart. Brantley received the opening kick and quickly moved downfield on the fast feet of Marvin Booker, only to stop itself with a fumble on the Devil 17-yard line. The Bulldogs got the ball back on their 16-yard line following a punt and this time took it 84 yards in 11 plays to take the lead for good! Marvin Booker gained 57 yards during the drive, while it was Mike Coleman who got the score on a five-yard run. Booker ran in for the conversion, and with 1:47 left in the first quarter Brantley was off and running with an 8-0 lead.

Lee Johnson intercepted a Lowndes County pass on the final play of the opening stanza to give the Dogs the ball on the Devil 16-yard line and five plays later the Bulldogs were in the endzone! The score came on a three-yard run by Mike Coleman, while Jimmy Tisdale hit the p.a.t. to make it 15-0 with 9:50 left in the half.

The Red Devils couldn't generate any offense on the ensuing possession and attempted to punt; however, Donald Burnett blocked the kick out of the endzone for a safety, upping Brantley's lead to 17-0 with 8:12 left in the half.

Todd Johnson returned the ensuing free-kick 56 yards to the Lowndes County 16, and three plays later the Dogs had scored again, as Mike Coleman took it in from nine yards out. The p.a.t. sailed wide, but with 6:33 left in the half the Dogs owned a commanding 23-0 bulge.

It appeared Brantley would carry the 23-0 lead in the half, but Donald Burnett intercepted a Lowndes County pass and returned it to the Devil eight-yard line to set up another score. Marvin Booker got the score on a two-yard plunge, and a bad snap on the extra point resulted in a two-point pass from Todd Carpenter to Donald Burnett, giving Brantley a 31-0 halftime lead.

Brantley got down to the Lowndes County four and three-yard line on its initial two possessions of the second half, but suffered a fumble and then got stopped to come away empty-handed. The remainder of the game was simply a case of going through the motions, as Brantley held on to win 31-0.

New Hope Opens With Easy 63-38 Win

The New Hope Junior High Wildcats jumped out to an early 8-0 lead and never looked back as they defeated Coffee Springs 63-38, in the basketball opener for both schools.

The Wildcats came out running in the opening stanza and quickly put the 12-point outburst of Ricky Carter. The Cats slowly pulled away and opened a 55-24 lead in the third quarter before letting the reserves mop up the win.

Ricky Carter ended the night with 19 points to pace New Hope, while Dale Liptrout added 17. Liptrout pulled down 12 rebounds, while Jody Bass had 11 and Carter 10. Darrell and Gerald Franklin scored 16 and 10 points to lead Coffee Springs.

N.H. (63): Carter 19, D. Liptrout 17, Lee 8, Bass 7, Moutry 1, Wilkinson 4, J. Liptrout 7.

C.S. (38): D. Franklin 16, G. Franklin 10, Ballard 8, Davis 2, Reeves 2.

[B GAME]

New Hope pulled out to a 13-2 lead in the third quarter and held on to dump Coffee Springs 19-12, in the B game. The score was tied at 0-0 after one quarter but New Hope woke-up and pulled away with the win.

Toray Haynes scored 10 points to pace New Hope, while Derrick Fitzpatrick hit 6 for Coffee Springs.

N.H. (19): Haynes 10, Dease 5, Arnette 2, Newson 2.

C.S. (12): Fitzpatrick 6, Maddox 2, Reynolds, 2, Massey 2.

TWO POINTS... A New Hope player banks in a two-point in the Wildcats' season opening win over Coffee Springs.

Zion Chapel Wins Finale 42-23

Rebels Ambush Wicksburg

The Zion Chapel Rebels took out a season of frustrations on the Wicksburg Panthers Friday night as they pounded the Panthers 42-23 in the season finale for both teams.

The win gave Zion Chapel a record of 3-8, while Wicksburg ended the season with a 2-9 slate.

Zion Chapel received the opening kick and gave its crowd plenty to cheer about by driving 71 yards for a touchdown. Tony Shiver and Michael Hill both had good runs during the drive, with Shiver getting the score on a five-yard jaunt. Shiver added the p.a.t., and with 6:18 left in the opening stanza the Rebels were on top 7-0.

Wicksburg showed some fireworks of its own on the ensuing possession as it came right back to pull even at 7-7. The Panthers' score came on a 65-yard run by Chris Jones, while Jeff Woodham kicked the extra point to make it 7-7 with 4:11 still left in the first quarter.

The Rebels took the ensuing kick and wasted little time in regaining the lead 14-7, as Doyle Smart, Tony Shiver and Michael Hill took turns running over the Wicksburg defense. Shiver got the touchdown on a six-yard run with 11:17 left in the half, and he again added the p.a.t., putting Z.C. back on top.

Wicksburg kept the crowd on its feet as it bounced right back and scored on a 65-yard run by Chris Jones to pull within 14-13. The Panthers went for two on the conversion and Richie White ran it in, putting Wicksburg ahead 15-14 in the wild offensive shoot-out.

Zion Chapel's offense was chopping at the bits to get back to work and again marched downfield to light

up the scoreboard! Tony Maddox highlighted the drive with good runs, while Shiver scored his third touchdown on a one-yard plunge. Michael Hill passed to Bobby Hill for a two-point conversion, and with 4:53 left in the half Zion Chapel had regained the lead 22-15.

Bryan Amlong recovered a Panther fumble on the second half kickoff and Wicksburg 22-yard line and Zion Chapel moved quickly to score again! Michael Hill notched the score on a one-yard sneak, and then ran in the conversion to give the Rebels a commanding 30-15 lead.

The Rebels blocked a punt early in the fourth quarter and cashed it in when Tony Shiver scored on a two-yard run. The p.a.t. failed, but with 11:15 left in the game Zion Chapel was on top 36-15.

The Rebs continued to move at will against the Panther defense on their next possession, with Bobby Hill scoring on a four-yard run to up the Rebel advantage to 42-15!

Wicksburg scored its final points with 3:5 left in the game on a 70-yard pass from Chris Jones to Tim Gilley, and the duo hooked up on the conversion to make the final Zion Chapel 42-23.

A MUCH NEEDED REST... Zion Chapel fullback Tony Shiver (3) takes a well-deserved rest. The junior rushed for over 180 yards and scored three touchdowns in the Rebel win.

The award-winning Zion Chapel Rebel band treated fans to an outstanding halftime performance.

Elba Tiger Termites defeated Red Level by a score of 30-0 and New Brockton by a score of 16-6 to win the jamboree in New Brockton last Saturday. Touchdowns and extra points were scored by Ronnie McKinnon, Bennie Daniels and Hayden Young. Six top teams from the league were invited and the champion was determined by elimination of defeated teams. The 1983 Termites team members are: Tony Musgrove (9), Joe Johnson (12), Derrick Deal (16), Bennie Daniels (20), Jesse Cook (22), Hayden Young (26), Ronnie McKinnon (27), Gary Ware (28), Mark Cook (31), Jamie Brockton (37), Mark Matthews (39), Keith Chandler (44), Scott Dorsey (54), Eric Cook (66), Jonathan Lawrence (67), Jason McLeod (68), Terry Gosby (73), Tommy Young (82), Seadrick Caldwell (83) and Chris Flowers (85). Termites coaches are Mike Williams, Tommy Dewberry and Chet Carroway. Also assisting was Kenneth Deal.

ESJC WEEVIL WOMEN - Kneeling, L-R: Karen Ashcraft, Ozark; Coach Pansy Walden, and June Green, Enterprise. Standing, L-R: Sandy Bradford, Sanson; Tammy Robertson and Kathy Basile, Ozark; Tina Johnson, Daleville; Cindy Warnock and Brenda Freiburger, Ft. Walton Beach, FL; Mitzi Trawick, Skipperville; Bobbie Jean Forrester, Dothan; Lynne Andrews, Ozark; Belinda Whiting, Pensacola, FL; Ony Rio, Ozark; Wanda Johnson and Diane Hall, Elba; and Yurionica Brown, Cantonment, FL.

Top salesmen for the recent T-shirt sale sponsored by the Elba PTO are (L-R): Leah Crowe, Elba Elementary; Tony Cooper and Melissa Maddox, Elba Middle School; Middle School principal, Mickey McCollough.

Eye Test Given To

Elba Middle

School Students

All students of Elba Elementary School have participated in a vision screening program on October 27, 31 and November 1 and 3. Dr. Purvis, assisted by teachers and volunteer parents conducted the screening.

If parents do not receive a letter by their child by November 18 stating their child needs a more extensive eye exam; they may assume their child passed the screening test. All classroom teachers will have a copy of the screening results.

USDA Extends

Comment

Period

The period for public comment on price support differentials for the 1984 crop peanut price support program has been extended three days, through Dec. 19, according to C. H. Legett, associate administrator of the U.S. Department of Agriculture's Agricultural Stabilization and Conservation Service.

Legett said the comment period has been extended three days because USDA's notice on peanut price differentials was not published in the October 17 Federal Register as USDA intended and announced in its press release 11/1/83, but appeared in the Register's October 19 issue. The new deadline was established to allow a full 60 days for public comment, he said.

CCC Loan

Interest Rate

Lowered

Commodity and farm storage loans disbursed in November by the U.S. Department of Agriculture's Commodity Credit Corporation will carry a 9-7/8 percent interest rate, according to CCC Executive Vice President Everett Rank. The new rate, down from 10-3/8 percent, reflects the interest rate charged CCC by the U.S. Treasury in November, Rank said.

LOOKING GREAT AFTER IRON

Last week I mentioned how important it is to know what colors work best for you as it relates to clothing. Color can be magic, or a disaster to you.

Clear colors are the most uplifting. Dark colors hide and are more serious, and can even be depressing on some people. Most of us have an intuitive color sense and tend to stay in our best color zone. But as our complexion changes and our hair greys, we might need to reevaluate the colors that are best for us. Color can change our complexion, our power, our faces and it can bring out the best in us. Color is the quickest way to set a mood, and often the first thing to get a compliment. The wider the variety of colors you try to use within your zone, the more comfortable you will become with them.

BEEF EXHIBIT DAY

meeting in mid-November.

The mayors of Kinross, New Brockton, Elba and Enterprise are preparing proclamations to recognize the week. A special program for foreign officers' wives at Ft. Rucker is scheduled.

STEM CANKER

Rollan Day of the Fairview Community and Daniel Hussey of Mt. Pleasant got their soybeans checked for stem canker diseases. This is a new disease which can be transmitted by the seed, and they wanted to know if their beans were infected.

Dan Presley checked the Kinross and David Fine of Enterprise are very much interested in early soil testing and early liming.

These folks supply lime and are very interested in Coffee County farmers getting the maximum benefit. Lime spread and disked in the fall has time to become thoroughly mixed with the soil than lime spread in February and March. In addition, the main problem with late liming is wet fields, especially during February and March.

You can get multiple recommendations for the same crop. If you are not sure whether a field is going into peanuts, soybeans, or corn, ask for recommendations on all three possibilities. Soil testing supplies are available at the Extension office and at the agribusiness dealers in the county.

FARM CITY WEEK PLANS

The Farm-City Week planning committee met in Enterprise Thursday morning with Chairman Martin Moates. Detailed plans were made for the national observance which is set for the period November 18-24.

Events include tours for special classes in the Enterprise School System to a farm to see farm animals and equipment, a young farmers' dinner, County Extension Council meeting, Farm Bureau directors meeting, where the special guests will include all retired agricultural workers in the county, farm program at the Rotary and Lions Clubs, Little Misses in the county with Goodman hosting the event, and a beef cattle exhibit at New Brockton.

A new event is portable petting zoo. Animals will be transported to schools and children will get a chance to see them and pet them.

Elba will observe Farm City Week during their annual meeting Saturday night, November 19. The special award will be made. The Enterprise Chamber of Commerce is having special awards at their directors

meeting in mid-November.

County Commission To Replace Coles Bridge

The Coffee County Commission met in regular session on Monday, November 15, at the courthouse in Enterprise and instructed County Engineer Frank Charlton to proceed with plans to replace Coles Bridge, an antiquated one-lane bridge that crosses the Pea River at the old Snellgrove's Mill, near New Hope.

Mr. Charlton informed the commission that on Thursday, November 10, two Highway Dept. officials inspected the bridge, and reported the state would provide \$100,000 in excess funding to help cover the expense of building a new bridge. The new bridge would cost approximately \$537,000, according to Charlton, and could be paid for out of existing funds.

The funds listed include \$109,000 in oil lease money, \$100,000 in 1983 bridge funds, \$100,000 in 1984 bridge funds and \$128,000 in 3R money, which when added to the state's money would meet the cost of the bridge construction.

The commission told Charlton to proceed with plans on the bridge, in order to meet the deadline to get on the December bid letting.

Mrs. Carol Agnew, representing the Coffee County Humane Society, informed the commission of what the organization does. The local society was incorporated in Feb., 1983, after being organized by a group of private citizens. The society, which operates solely on donations, offers rescue and care for stray animals in the county and

counseling for residents with pet problems. Last year the organization took in 160 animals, of which 130 were adopted.

"As the Humane Society becomes better known we have a problem taking care of the large number of calls," said Mrs. Agnew. "I submit a need for a Coffee County Animal Shelter, with the county agreeing to help cover expenses. If the county will provide the shelter it will free the society to concern itself with adoption and education."

The society, according to Mrs. Agnew, would help with funding, but the commission took no action following her presentation.

A resolution was presented to Alabama Prison Commissioner Freddie Smith for his aid in remodeling the Coffee County Jail in Elba. The prison commissioner instituted a program to help counties with projects by the use of inmate labor. The program saved the county thousands of dollars in the renovation of the jail.

In other action at Monday's meeting, the commission:

***signed a proclamation proclaiming the week of November 18-24 as "Farm-City Week" in Coffee County;

***heard Mr. Jesse McCall ask the county to cut a 440-foot right-of-way near his home in the Coppingville area;

***voted to send out bids on a new patrol car for the County Sheriff's Dept.;

***was informed that the Sparks St. project was progressing, with 70 percent of the fluming completed, and prime and grassing to be done this week;

***was informed that the Turner's Crossroad project was nearing completion, with a contract to be let Dec. 9;

***accepted maintenance responsibility for the streets in Gateway Estates subdivision;

***voted to make the Ewell Griffin Road an "All Weather" type road;

***approved the engineer's attendance at a November 9 "Pavement Management Seminar" in Auburn;

***was informed Asst. Engineer Randy Wynn had resigned to accept a position in Mobile with Alabama Power Company;

***authorized the county engineer to place "35 MPH Speed Limit" signs at County Road 14 at Conagra and on County Road 18 near the Enterprise Airport;

***stated it would choose a county depository on November 28;

***authorized the commission and the engineer to attend a mid-winter conference, state convention and national convention;

***was told a state Civil Defense official would be at the November 28 meeting to make a proposal for the county to join the program;

***adopted the minutes of the previous meeting;

***and, paid bills.

Commission Declares Farm-City Week In Coffee County

At Monday's meeting of the Coffee County Commission, the commission voted unanimously to proclaim the week of November 18-24 "Farm-City Week" in Coffee County.

The proclamation is as follows:

COUNTY GOVERNING BODY
PROCLAMATION
FARM-CITY WEEK
NOVEMBER 18-24, 1983

WHEREAS the prosperity and well-being of the citizens of Coffee County are dependent upon cooperation and understanding between the two great elements of our society: farmers and urban people, and

WHEREAS each element has its individual problems and diverse activities which could lead to a lessening of understanding, and

WHEREAS Coffee County citizens desire to foster and encourage even better relationships, each group must understand the mutual dependence on each other, and

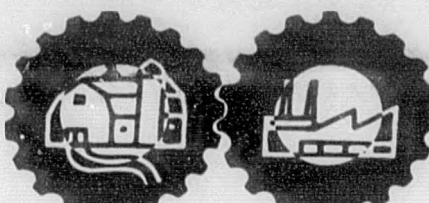

WHEREAS Farm-City Week provides an excellent opportunity for farm and city people to continue mutual trust and support.

I, THEREFORE, Marion B.

Chamber Of Commerce Membership Banquet To Be Held Saturday Night

The Elba Chamber of Commerce will hold its annual general membership meeting on Saturday, November 19, at the Elba Middle School, with featured speakers to include Dr. Joseph Talmadge, president of Enterprise State Junior College and Michael B. McCain, assistant director of the Alabama Development Office.

The annual meeting will begin at 6:30 p.m., and the local chamber will salute National Farm-City Week with special decorations.

Dr. Talmadge, age 47, was born in Greenville, Ala., and graduated as valedictorian from Greenville High School in 1954. He received his B.A. Degree in 1958 from Vanderbilt University and received his Masters from Vanderbilt in 1959. His doctorate was earned in educational administration at Auburn University in 1976. He taught at Evergreen High School from 1959-65 and was then appointed Dean of Instruction at Enterprise Junior College a position he held until he assumed the presidency of the school on October 1, 1981.

Dr. Talmadge has served on numerous committees and commissions dealing with education. He is also a deacon at the First Baptist Church in Enterprise and a member of the Board of Directors of the Enterprise Chamber of Commerce.

Talmadge

McCain

McCain attended school in Ohio and later earned a B.A. Degree from the University of Alabama-Birmingham. He is active in numerous Development Councils and is a member of the Chamber of Commerce Executives Association of Alabama.

In County

Garbage Problem May Be Solved

Barring a last minute complication, residents of rural Coffee County may soon be once again enjoying the privilege of garbage pickup.

The Coffee County Commission met on Monday of this week with two possible contractors and the proposal offered by Mr. Enon Riley, of Enterprise, had at least three commissioners ready to sign him up immediately.

Mr. Riley told the commission, "I have a proposal we both can live with. It will enable me to pay my bills and make a little money and at the same time keep the rates low enough for the people. I can work with the people, and if they will work with me, I can serve them well."

According to Riley's proposal, he must have 1,000 customers to start the service and as soon as the customers are signed up he'll be ready to go to work, possibly as early as Dec. 5. Under the proposal, the collection rates would be \$5.75 a month per household for once a week service and \$4.00 a month for similar service to senior citizens. Rates

for schools and businesses would be negotiated and Riley told the commissioners, "You can serve as inspectors."

Comm. Rex Boutwell stated a per household charge for dumping would be higher than Riley's estimate of \$11 per truckload, and suggested both parties study all details further before making a decision.

A representative of Southeast Horizons Unlimited was also at the meeting, and again listed a set of guidelines which must be met before the company could begin garbage pickup. The company wanted: sole rights to pickup in the county; at least

1,200 customers to start; rates of \$6.50 a month for households and \$130 a month for schools, and no obligations to continue the service.

The commission balked at the "sole rights" asked for and the clause putting the company under no performance obligation and told the representative a later.

Commissioners Eugene Bradley, Marvin Bradley and Billy Egerton all wanted to give Mr. Riley a contract and "Put him to work"; however, it was agreed no decision would be made until the complete details could be looked at.

A decision is expected to be announced no later than November 28.

Complete Playoff Coverage.. Pages 9 & 10

The Elba City Council met Monday evening with all members present. The agenda appeared to be routine and low key, but the details behind the seemingly quiet words could have great economic impact on Elba. Additional income from the Southeast Alabama Gas District, and efforts to get a grant, could help the city finances and the activities funded from these monies.

The council approved changes in the operation of the gas district, which is owned by the 12 or 13 cities which use the natural gas from the pipe line. The change, if approved by all cities involved, will probably triple the \$800 annual income Elba gets from the gas company, according to estimates by Mayor Bob English.

He explained that good management by gas company officials has increased reserves to repay long-term bonded indebtedness to the point that the distribution of additional money to the cities is possible.

The city council also gave English authority to fill out the necessary papers to apply for any Conservation Department grants that may become available.

Councilman Sonny Inman opposed this move, explaining to this newspaper that he wasn't opposed to recreation, but wanted to get the streets cleaned before any other projects were undertaken.

Inman had earlier in the meeting questioned the operation (or non-operation) of the street sweeper, leaf machine, etc., and told the council he had been getting complaints from local citizens on these matters. Inman noted that the street sweeper was broken, is old and worn out, judging from the repairs that have been necessary in the past year.

Inman and Councilman John Sharpless were appointed to look into the matter and report back to the council.

Councilman Charles Kennett voiced a complaint over loose dogs in town, noting that he still sees garbage barrels turned over all over town. Kennett stated that when the dog control ordinance was passed, some citizens sold or gave away their dogs, others spent money on pens and fences, while some never complied, and this wasn't fair. He urged the law be enforced or changed.

Sharpless spoke up and informed the council that he had been bitten three weeks ago by a loose dog.

English asked Police Chief John White for comments, and White read from a four-month report that the animal control officer had answered 956 complaints, impounded 238 dogs, sold twenty and destroyed 191 animals.

The use of the tranquilizer gun previously used by the city has been outlawed, English told the council members, and the only method of catching was a net or getting the animals to come to the catcher on their own.

The mayor appointed Kennett and Frances Trammel to get with the chief and the animal control officer, review the ordinance and make recommendations.

Bids were opened on the purchase of two trucks: a one-ton truck to replace one now used to pick up limbs and a pickup to use with the mosquito sprayer, etc. Cook Chevrolet and Ed Sherling Ford were the only bidders, with Ed Sherling being the apparent low bidder on both vehicles. Bids on the one-ton vehicle were \$11,707.35 from Cook and \$11,019.06 from Sherling. Bids on the pickup were \$7013.46 from Cook and \$6833.90 from Sherling.

Appointed to review the bids and make a recommendation was Council-

man Cleo Hawkins. English urged him to review the specifications and be sure they were bidding on the vehicles requested by the city. Hawkins is to report back at the next council meeting.

Monthly bills totaling \$13,287.19 were paid by the council after English reviewed the most expensive items in the group.

Gasoline headed the list at \$6254. Add to this \$1500 repair to a garbage truck, \$700 for police uniforms and \$1000 for telephone bills. English had stated at the last meeting he was going to look into the high telephone bills but stated Monday night that he still had not worked out the problem. He said he had called the telephone company and was to meet with them on the matter.

English stated that work release inmates would be helping with city-wide cleanup; street sign replacement is planned at about \$200 per month; and sidewalk paving is underway with the first replacement having been done near city hall on Buford Street.

English said the cable TV folks have given him a timetable for expanding the coverage area in the city and were promising additional channels at the same time. Councilman commented that these promises had been made before and not fulfilled, and English agreed and explained he was only repeating what he had been told after many letters and telephone calls. Councilman Hawkins told the group he had in hand plans showing just where the cable company planned to place their lines.

English also promised the council he would give them an update on the progress at the Elba hydro dam by the next meeting. He said he would also have available exact dates the contract required work to be underway and power to be generated.
